

NEWS RELEASE

November 2011

Simplify the procurement of Traffic Management Technology

Government Procurement Services Traffic Management Technology Framework – a full house for Peek and Imtech Infra

As part of the Imtech Traffic & Infra Division of Imtech NV, Peek and Imtech Infra are delighted to advise that public sector clients can now purchase our wide range of technology solutions via the Government Procurement Services (GPS) Framework contract for Traffic Management Technology.

/ Savings

Procurement through this framework can provide significant savings on projects and reduce the cost of procurement due to the much reduced tender process; the GPS Traffic Management Technology framework agreement is pre-tendered and fully EU-compliant with an aim of saving our Public Sector clients' time and money across their procurement process.

/ Solutions

The Imtech Traffic & Infra Division were successful in the following Lots:

- Lot 1 Traffic Management Solutions – Imtech Infra and Peek;
- Lot 2 Traffic Signals and Ramp Metering - Peek;
- Lot 4 Traffic and Vehicle Monitoring Services - Peek;
- Lot 5 Parking and Access Control Services - Peek;
- Lot 6 Environmental Monitoring Services - Peek;
- Lot 7 National Traffic Control (NTC), Urban Traffic Control (UTC) and Common Database Systems - Peek;
- Lot 8 Traffic Management Research and Consultancy – Peek as a sub-contractor;
- Lot 9 Street Lighting Services – Imtech Infra;
- Lot 10 Traffic Safety - Peek;
- Lot 11 Ancillary Equipment – Peek.

To benefit from the savings opportunities, contact Peek on [01256 891800](tel:01256891800) or tmtenquire@peek.co.uk,

The Government Procurement Service is an executive agency of the Cabinet Office. Their goal is to provide procurement savings for the UK Public Sector as a whole and specifically to deliver centralised procurement for Central Government Departments.

About Peek

Peek is a leading supplier of intelligent transport solutions. For over 30 years, the company has been providing advanced traffic control products and systems, management and maintenance services for both the urban and highways markets. Peek's established and proven portfolio includes traffic management systems incorporating SCOOT, highway congestion management and enforcement systems, vehicle detection systems, public lighting, as well as supervisory and communications systems. Peek is OHSAS 18001:2007, ISO 9001:2008 and ISO 14001:2004 certified.

With headquarters in Basingstoke, Hampshire, Peek employs more than 500 staff throughout the UK. Peek is part of the Traffic and Infra division of Imtech NV, a global technology services provider based in the Netherlands.

Imtech Profile

Imtech N.V. is a European technical services provider in the fields of electrical solutions, ICT (information and communication technology) and mechanical solutions. With more than 27,000 employees, Imtech achieves annual revenue of around 4.5 billion euro. Imtech holds strong positions in the buildings and industry markets in the Netherlands, Belgium, Luxembourg, Germany, Austria, Eastern Europe, Sweden, Norway, Finland, the UK, Ireland and Spain, the European markets of ICT and Traffic as well as in the global marine market. In total Imtech serves 21,000 customers. Imtech offers added value with integrated and multidisciplinary total solutions that lead to better business processes and more efficiency for customers and the customers they, in their turn, serve. Imtech also offers solutions that contribute towards a sustainable society, for example in the areas of energy, the environment, water and mobility. Imtech shares are listed on the NYSE Euronext Amsterdam, where Imtech is included in the Midkap Index. Imtech shares are also included in the Dow Jones STOXX 600 index.
